

CONNECTS DIRECTLY TO ANY ACCESS CONTROL PANEL

# KARE MINI

(Key Access Ready Enclosure)

The **KARE MINI** (Key Access Ready Enclosure) is a truly revolutionary and compact key cabinet. It is equipped with a Wiegand output card reader that integrates into your existing access control system.

It gives users the ability to have access to important keys without leaving the cabinet unlocked, adds security by allowing users to have access with their existing access cards, and prevents access by unauthorized personnel.

The **KARE MINI** comes with the MedixSafe standard 3-Year Warranty as well as the following features:

- ◆ Prox Card types Available—HID, Multi-Class
  - ◆ Communication—Wiegand
- ◆ Cabinet Dimensions—10”H x 10”W x 4.5” D
- ◆ Locking Mechanism— Electronic Cam Lock with Swing Handle and Key Override
  - ◆ Finish—Smoke Gray Powder Coat
  - ◆ Key Capacity—12-24 keys
  - ◆ Cabinet Weight—22 lbs
  - ◆ Material—10 & 12 Gauge Steel
  - ◆ Power supply—12V-24V DC
- ◆ Operating Temperature—0 C—45 C

### Beautiful Re-Printable Key Tags Included

Included are 12-24 Key Tag Holders which can hold multiple keys or a set of keys. Each key tag snaps open so that names and/or numbers of keys can be inserted.

An Excel template is included for printing labels. When a different key is placed on the tag a new label can easily be printed and installed. The Excel template also allows changing label fonts and sizes.

### TECHNICAL SPECIFICATIONS

<b>Dimensions:</b>	Enclosure (H x W x D) 10” x 10” x 4.5”
<b>Locking Device:</b>	Electronic Cam Lock with Swing Handle and Key Override
<b>Storage and Backup:</b>	All event transactions, cardholder data and system control parameters are stored in the panel onboard nonvolatile memory.  All data will remain intact, even if the system experiences a power failure.

### Security & Organization

Make your key cabinet more than a place to store your keys. Take control by limiting access to authorized users only.

**Know for sure who has accessed your keys and when.**
